

CALL FOR PROPOSALS

JENA ALLIANCE GUEST LECTURES

A special lecture series offered by the Jena Alliance "Life in Focus"

The *Jena Alliance* calls for proposals to invite keynote speakers to give a Jena Alliance Guest Lecture.

Criteria for speakers

We are looking for scientists with an excellent international reputation who are able to give an overview on a scientific field of immediate interest and societal relevance. The topic presented should appeal to and attract the LIGHT-LIFE scientific community in Jena.

Who is eligible to apply?

This call is open to all scientists, teaching staff and doctoral candidates of the Jena Alliance Graduate Schools "Life in Focus" (JSMC, JSMM, ASP, MPSP).

Organisation

- Lectures can be held either in hybrid/online format or on-site; depending on the availability of the speaker.
- The Jena Alliance office is responsible for the organisation of the lecture.
- The engagement and commitment of the guest and the inviting faculty will be generously supported by the Jena Alliance.

To suggest a speaker, please send an email to

maria.langhammer@uni-jena.de

with the following information:

name of speaker, institution/position, area of research.
